Work Experience

eCommerce Clerk

08/2022 to Present
Kroger Co
Cookeville, TN

eCommerce Clerk - Handle and deliver transactions for the eCommerce department.

- Built a prototype for Training Simulator, to create an interactive and immersive training experience for new employees for an efficient training technique.

VR Developer and Project Manager

05/2019 to 05/2022
iCube, Tennessee Technological Unversity
Cookeville, TN

Virtual Reality Developer

- Programmer on "The Drop Off" - Rhythm based VR game, OVR Controller, Note Generation System
- Programmer on "Impairment Arcade" - Arcade game simulator, implemented 3 mini games and reward system
- Programmer on "Impairment Arcade 2D" - 2D mobile arcade game simulator, implemented 6 mini games.

Project Manager

- As a Project Manager, I implemented Agile, Sprint, and Scrum methods and practices, which increased the efficiency of our teams allowing us to release three projects in one year and have a fourth ready for release the semester after my graduation. These practices encouraged teamwork, communication, and motivated everyone to complete their tasks every iteration.
